PARDON OUR DUST MEETING ON I-564 INTERMODAL CONNECTOR TO BE HELD JANUARY 12

Public invited to learn more about project designed to ease congestion in Hampton Roads

NORFOLK - The Federal Highway Administration (FHWA), Eastern Federal Lands Highway Division (EFLHD), in cooperation with the Virginia Department of Transportation (VDOT), will host a “Pardon Our Dust” meeting to update citizens on the I-564 Intermodal Connector Project in Norfolk, Va. The meeting will begin at 6 p.m. on Tuesday, Jan. 12, 2016 at Sewells Point Elementary School, 7928 Hampton Boulevard in Norfolk.

All interested citizens and local media may attend the open format meeting at their convenience between 6 p.m. and 8 p.m. Representatives from FHWA-EFLHD, VDOT, and the project’s design-build team of Cherry Hill Construction and Jacobs-Stantec, A Joint Venture, will be available to discuss the project plans, construction schedule and measures to minimize potential traffic impacts.

The I-564 Intermodal Connector will connect the existing I-564 through Naval Station Norfolk (NSN) and to Norfolk International Terminals (NIT), part of the Port of Virginia. The new high-speed roadway is expected to decrease congestion, redirect heavy truck traffic from Norfolk city streets, and provide improved access for the 80,000 vehicles entering and exiting the navy base every day.

For more information on this project, please visit www.I564intermodal.com
